

The Project

Raise awareness among teachers about the Sustainable Development Goals (SDGs). The project aims to empower students by encouraging them to develop their own projects and initiatives aligned with the SDGs. By integrating sustainable practices and values into vocational education, the project seeks to foster a sense of responsibility and environmental consciousness among students and staff. **VET SCHOOLS DOING GREEN** strives to contribute to a more sustainable and environmentally aware future through education and hands-on projects.

The Partnership

Our partnership involves 6 partners from all over Europe.

Alfa College from Groningen in the Netherlands,

ENAC Ente Nazionale Canossiano Ets from Verona in Italy,

Kuressaare Ametikool from Saaremaa in Estonia,

Centro San Viator from Sopuerta in Spain,

Live - Säätiö Sr from Helsinki-Uusimaa,

Ammattiopisto Luovi Oy from Oulu in Finland.
